

Bid Specifications  
Parrottsville Ball Field

The Parrottsville Board of Commissioners  
is currently accepting bids for the following:

Fencing in three (3) phases: backstop, side fencing, outfield fence. All fencing should have suitable method of securing the bottom as well as the sides and top.

Phase 1 - Backstop

12' high and 60' long, constructed in five sections according to the diagram.

Bid \$ \_\_\_\_\_

Phase 2 - Side Fencing and Dugouts

Fence will connect to the backstop and extend along both sides of the playing field. Fence to be 8' high along the infield for a length of 50'. In this section there will be a gate leading into the dugout area. The dugouts will be 8'x25' x 7' high. The remaining side fence will be 6' high for a length of 175' with a walkway gate. Along the left side there will be a utility gate (at least 12'). The 6' fence will have corrugated safety pipe along the top.

Bid \$ \_\_\_\_\_

Phase 3 - Outfield Fence

Fence to be 6' high, connecting the right side fence to the left side fence approximately 400' in length. Corrugated safety pipe to be placed along the top. Bid should be based on per foot basis.

Bid per foot \$ \_\_\_\_\_
